Jumbo size that is ideal for repeat customers

The Serum, the hero item of Clé de Peau Beauté and the first step in your skin care routine, has evolved!

It keeps the skin youthful and imbues it with unprecedented radiance.

- The new key ingredient, Radiant Lily Concentrate, strengthens skin's defense system and the ability to repair itself to maintain radiance.
- It is now formulated with an organic lemon myrtle extract which keeps the skin youthful.
- The seaweed extract Kelplex, a rich source of nutrients from the ocean, supports skin's ability to renew itself.

The radiant lily extract was extracted from the petals of the Madonna lily grown by our contracted farmers in the Cévennes region, France. The extraction process was completed 36 times faster than a standard extraction process to ensure absolute freshness and clarity.

Formulated with Kelplex GL (moisturizing ingredient) extracted from a unique blend of nutritious seaweed species of many different colors.

Key Radiance Care, a three-step ritual you need to keep your skin radiant from within. The following sets are available from September 21st only at duty-free stores.
